Memorial Dedication

Kent Terry

I expect to pass through this world but once.
Any good therefore that I can do or any
kindness that I can show for any fellow creature
let me do it now. Let me not defer or neglect
it, for I shall not pass this way again.

Carol Hobbs

June Davis, David Gilreath, and Rita Shipman planned the Senior section to provide a unique way of representing their classmates.

Carol Hobbs looks on as Rita Shipman types layouts for the Activity section, a part of their job as editors.

Class section editors, Julia Elms, Cary Houston, and Faye Holbert, take a break from the confusion they unexpectedly encountered.

Danny Hanks expresses his opinion on the Sports section although Donna Rambo and Ms. Thomas ignore him. Frankie Moralez also worked on this section.

With as many clubs that exist in high school, Kay Lynn Montgomery and Carol Hobbs work on last minute coverage of their activities.

Selling ads to help finance the annual was Robert Jackson's and Judy Elms' assignment.

Cary Houston agrees with Dorothy Rambo's plans for Junior High as Mitchell Haggard looks through finished pages.

Kenny Clements isn't too sure about Julie Flores' decision for Intermediate and Elementary.

Lots of Work

Carol Hobbs makes calls to confirm appointments for pictures in the Personality section.

This is an honor society to recognize high achievement in Spanish by students of secondary schools and to promote continuity of interest in the Hispanic studies. First organized in Alvarado High School in 1961, the Simón Bolívar Chapter remained inactive on campus until this school year. Sponsored by Mrs. Jane Wible, the membership is composed of students having completed at least two full semesters of Spanish with a grade average of no less than a B.

The goal of being prepared to go into the business world after graduation can be achieved through the Distributive Education program. Known as "D.E." throughout the United States, Distributive Education gives a young person the opportunity to learn about marketing, wholesale, and retail techniques. "D.E." gives a student an opportunity to learn while in high school and be paid for this time of learning. Hopefully, the student will gain some practical experiences that will help them after graduation. While in the program, the student is under the supervision of a training sponsor on the job. This valuable training of the employer helps the "D.E." student get the jump on training for the adult life. Without the patience of this employer in training the young person, the program would not be a success.
